

McCULLUM JURY DISAGREES AND IS DISCHARGED BY COURT

It is Reported that it Stood Nine for Conviction and Three for Acquittal in the Trial of the Councilman.

In the case of the Commonwealth against McCullum charged with bribery, the jury was called into court at noon Thursday and reported that they could not agree. The court then discharged them.

They had previously come into court at 10:25 and stated they could not agree, but the court sent them back until noon. It is reported the jury stood nine for conviction to three for acquittal.

Jones Testifies.

Councilman Jones testified that he met councilman McCullum on the street and they went back into a lot, that McCullum gave him two notes of one hundred dollars each; that he took the notes to F. H. Haggard, City Attorney, and that the next day they were sealed in an envelope and placed in the Winchester Bank. And that later he got the notes and returned them to McCullum. That he did not accept the notes as a bribe and that at no time did he intend to vote for McCullum for City Clerk or.

Woodson McCord.

Woodson McCord testified that McCullum told him that he, McCullum, had bought Jones and that he offered to pay Jones the money but that Jones preferred the notes. The testimony of ex-councilman, J. A. McCord was unimportant. The names of councilman Todd, and City Clerk Tracy, were called, but they did not appear as witnesses.

Did it to Trap Him.

McCullum in his own behalf, stated that he gave the notes to Jones but that he did it to trap him, that he knew that Jones was for Pendleton for Collector.

Councilman Dock Pigg swore that Jones said to him in Mt. Sterling that he, Jones, would go on the stand and swear that McCullum did not give him any notes and that the notes purporting to be McCullum's were forged by himself.

Arguments in Case.

Attorney James F. Winn spoke on behalf of the defendant and Commonwealth's Attorney B. A. Crutcher for the State. The jury got the case at 5:40 p. m. and returned at 6:30 without a verdict. After supper they considered the case but did not agree and were locked up for the night.

WILL MEET TO DISCUSS SCHOOL PLANS.

Teachers Are Invited to Meet With Board of Education.

At the next meeting of the Board of Education of the city which will meet on Thursday of this month, all the teachers will be present with the board to discuss plans for the future improvement of the schools.

FIRST BASEMAN ILL.

Special to The News.

AUGUSTA, Ga., April 8.—Hal Chase, first baseman of the New York Americans is in the pest house with a severe attack of smallpox; other members of the team are vaccinated.

SAVE SOME OF THE MONEY THAT YOU "SAVE!"

If you could place in a special purse, or deposit in a special fund, all of the moneys saved in the course of a year because of your reading and answering ads., you'd be surprised at the sum total. The pennies and dimes on groceries, table supplies; the dollars saved on clothes, furniture, furnishings, objects of art, china, silverware—all, in a year's course, would amount to a tidy sum, indeed.

Why don't you try the experiment—for a few weeks—of ACTUALLY SETTING ASIDE the amounts saved in your purchases on account of your study of the ads? Then invest in something you have long needed—and say: "Here is something I've bought with money ACTUALLY, not theoretically, SAVED!" You will find that all of this advice we have been giving you about reading and answering ads. has been sound, business-like advice. And you will let the ads. take a real part in your buying and your selling hereafter—which will be a fortunate circumstance for you, and for the town in which you live.

SOME FALLING BY THE WAYSIDE

Part of Canvassers For Commercial Club Members Not Doing Much.

The diamond pin is going to be easy for somebody. The canvassers out for new members of the Commercial Club are some of them falling by the wayside. Several are, however, adding to their score rapidly.

But there is still plenty of time for a dark horse to come with a rush and win easily.

Frank Murphy is so busy writing ads. and selling clothes for Easter that he has let up a little on getting members.

J. W. Chambers feels so badly because some of the East Tennessee telephone poles blew down that he has let up on his canvass until he recovers from the stroke.

Stoke was so busy aiding Ike to avoid testifying in the McCullum trial that he has not been able to C. any new members.

Frank Jackson said that if he had not been roped in to make up a jury he'd easily have secured the pin.

And all this time President Bowen is fuming because he thinks the winner is not going to earn the pin.

PROF. HENRY LLOYD TO TALK ON ASTRONOMY

Will Lecture at Court House Friday Evening at Eight O'Clock p. m.

Friday evening, April 9th, at the court house, Prof. Henry Lloyd, of Transylvania University, will deliver the third lecture of a series that is being given under the auspices of the City Schools.

The subject of the lecture is "Other Worlds Than Ours; or Interesting Facts in Astronomy."

Prof. Lloyd will illustrate this lecture using slides recently secured from the Yerkes Observatory.

These lectures do not appeal to children and as many grown people could not secure seats at the last lecture, it is desirable that children should not attend.

All adults who may be interested are cordially invited to attend this lecture.

If you have not received a ticket come on to the lecture and at the door you will be given a ticket that will admit you to this and the remaining lecture of the course.

NO K. P. MEETING.

There will be no meeting of the Knights of Pythias tonight. Regular meeting will be next Thursday night.

KING EDWARD AND THE WRIGHT BROTHERS.

Few Americans have ever attracted the attention of the monarchs of Europe as have the Wright brothers, inventors of the aeroplane. Both King Edward of England and King Alfonso of Spain journeyed to France to witness the tests of the aeroplane and listened with eagerness to the explanation of its mechanism by the inventors. King Edward pronounced it the most remarkable mechanical invention in the world and invited the Wright brothers to visit England and give demonstrations before the army and navy engineers.

INDEPENDENTS AND BURLEY LUMBER RATE TO BE ADVANCED

Growers Get Together and Settle All Their Differences Amicably.

CINCINNATI, O., April 8.—At the conclusion of the final session late yesterday all matters which resulted in the call for the meeting here of the Independent Manufacturers and Executive Officers of the Kentucky Burley Tobacco Society regarding the pooled crop of Burley tobacco had been disposed of amicably to all parties concerned.

The ten per cent of the crop which the Burley Society still had on hand as a result of the failure of a Louisville firm to take up its purchase; it was announced had been taken over by these firms.

John J. Bagley & Company, Detroit; Larus Brothers, Richmond; Lovell, Bullington & Company, of Covington; The United States Tobacco Company, of Richmond, and the People's Tobacco Company, of New Orleans.

With the final putting through of this deal representing three hundred and eighty-five thousand dollars, it was stated, there is now no Burley tobacco to go upon the market.

An important action of the meeting of Burley Society and the Independents was the appointment by the latter of an exchange committee composed of E. C. Frank, of Louisville, and E. W. Lowden, of Cincinnati, with W. L. Petty, of Lexington, Ky., as an advisor.

This committee is to act as a sort of clearing house between the manufacturers and also between them and the growers. An effort was made in the meeting of Independent manufacturers, held apart from the Burley Society, to pool the tobacco now in their hands, but the proposition was rejected.

EARTHQUAKE AT MESSINA

Violent Shock Is Felt During Night With Subterranean Rumbblings.

Special to The News.

MESSINA, April 8.—Violent earthquake shocks were experienced here during the night, accompanied by subterranean rumbblings.

TWO REAL ESTATE DEALS.

Mr. N. R. Ratliff sold his residence on Burns avenue to Charles Green for \$2,600, Wednesday.
Vic Bloomfield sold to T. C. Robinson, a lot in Bloomfield addition for \$350 Wednesday.

Senate to Put Duty on Iron Ore and to Raise Lumber to \$1.50 Per Thousand.

WASHINGTON, April 8.—The Senate Finance Committee has decided to place a duty of 20 cents per ton on iron ore. The Payne bill puts it on the free list.

Congress will put a duty of \$1.50 per thousand on lumber. The House rate of \$1 will be increased to \$1.50 in the Senate. This is 50 cents below the Dingley rate. Congress Fordney has a promise from the Senate leaders that the lumber tariff will be fixed at \$1.50.

It seems certain now that a tariff commission or board of tariff experts will be created. Senator Aldrich is going to put such a provision in the Payne bill in the Senate Committee.

WORK BEGINS ON NEW TRACT

Robinson Addition is Now Being Improved—Started Labor Thursday.

Work was begun building the streets and laying off the lots in Robinson addition to the city of Winchester Thursday. When this work is completed the new addition will be one of the prettiest portions of the city. The streets that are being built will begin on the Lexington pike and run to Forest avenue and thence to the Lexington pike extending around the lots. The streets will be macadamized, trees set out, and pavements built. In putting down the macadam, oil will be used and they will be rolled making practically an asphalt street. Between the pavement and streets a grass spot will be left adding much to the looks.

Mrs. T. C. Robinson and Mrs. V. Bloomfield threw out the first shovels of dirt.

A number of the lots in this addition have already been sold and before the summer is over, there is no doubt but there will be several nice houses built in this section. The addition is just past the cemetery and it is the object to build the streets so that it will be a boulevard where parties out driving will have a nice driveway.

INSTALLED THURSDAY NIGHT.

Miss Gibbs who was to be installed Thursday afternoon as Matron of the Eastern Star Chapter, will be installed Thursday night at 7 p. m.

ADVOCATES OF FREE OIL WIN

House "Insurgents" Gain Signal Victory—Unite With Democrats.

Washington, April 8.—By a coalition between some Republican house "insurgents" and the Democrats, the ways and means committee was bowled over and the advocates of free crude oil and its products won a signal victory, when an amendment by Mr. Morris of Nebraska, placing the insignificant duty of 1 per centum ad valorem on these articles, was adopted by a substantial majority.

A decision of the chairman that amendments could not be offered to the oil schedule other than the one covered by the special rule of last Monday, and which provided for the removal of the countervailing duty on crude petroleum and applying an ad valorem duty of 25 per cent, was overturned, and not even a fervid appeal by the speaker in an endeavor to rally the Republican forces was sufficient to stem the tide avowedly against the Standard Oil company. By a practically unanimous vote the countervailing duty went out as the committee recommended.

On all other propositions the committee was sustained. The barley schedule ran the gauntlet without change, tea and coffee were placed on the free list and the duty on barytes increased from 75 cents a ton to \$1.50 a ton. A colloquy, at first humorous but later developing into personalities, developed between Mr. Stanley (Ky.) and Mr. Clark (Fla.), and was terminated only upon an objection by Mr. Crumpacker (Ind.), that it was against the dignity of the house.

FEAR REVISION UPWARD

Senate Finance Committee Assailed by Many Interests.

WASHINGTON, April 8.—Onslaughts upon the senate committee on finance by prominent members of congress have become so vigorous since it became known that the work of inserting rates in the bill soon to be reported has actually begun, that there is danger of revision being decided of an upward trend, it is said, unless deaf ears are turned to importunate interests.

In spite of these conditions good progress is being made, and Senator Aldrich, the chairman, said he could predict that when the bill is reported it will be seen that the revision has been downward, especially upon the necessities of life.

Senators Dick and Burton introduced a delegation of coal producers from eastern Ohio who ship their products to Ontario and other Canadian provinces, who desire to retain the reciprocity clause in the Payne bill.

The pottery and fine china schedules were considered. The views of the national association of wholesale dealers in pottery were presented by Jerome Jones of Boston, E. H. Pitkin of Chicago and George W. Kinney of Cleveland. They contended that the actual protection to American pottery manufacturers is much greater than represented by the specific rates of 55 and 60 per cent, and it is claimed that the actual protection amounts to 80 per cent on decorative and 90 per cent on white china. They ask a reduction to 40 per cent ad valorem on white and 45 per cent on decorative china. The delegation had been received previously by President Taft.

Mr. Jones talked to the president about speeches delivered by him in the recent campaign, in which the president declared that the pottery industry needed greater protection. The delegation gained the impression from Mr. Taft that he was speaking generally of the pottery industry and had no special reference to the manufacture of fine china. It is said there is a disposition on the part of senators to still further increase the duty on china.

Fire Damages Paper Plant.

HAMILTON, O., April 8.—The giant plant of the Champion Coated Paper company, of which Peter G. Thomson of Cincinnati is president, and which was totally destroyed by fire several years ago, was again threatened with destruction. The fire broke out in a house on the roof of the plant containing an electric motor used to draw the damp air from the drying rooms. The damage will not exceed \$2,000.

Ice to Cost More.

CHICAGO, April 8.—Scarcity of ice throughout the east and middle west and demands for increased salaries on the part of ice wagon drivers and their assistants, probably will double the price of ice in many sections of the country during the coming summer, according to the statements of local ice dealers. A raise of 33-1/3 per cent already has gone into effect.

STATE BOARD RESCINDS ITS RAISE OF CLARK'S TAX LEVY

County Judge Evans and L. B. Cockrell Make Showing at Frankfort and Have Original Rate Restored.

After a hearing before the State Board of Equalization on Wednesday, that body decided to rescind its tentative raise of Clark county's tax levy five per cent and to allow the levy to stand as made.

County Judge J. H. Evans and Mr. L. B. Cockrell, a member of the county board, appeared before the State board and showed that such a raise would be unfair; that instead of the levy being lower than last year it was in reality, 3 1/2 per cent higher. That there had been a gain of \$27,000 in real estate values; and the loss of \$30,000 in personality, was more than made up by the loss in the lumber business at Ford.

The action of the State Board in allowing the original assessment to stand, means a saving of \$5,000 to the tax payers of Clark county.

GREAT CROWDS AT H. H. HALL'S

Main Street Furniture Store Was Crowded All Day Wednesday.

Mr. Henry H. Hall entertained his friends and patrons Wednesday afternoon and evening with a handsome "Opening" at his store on Main street. A throng of visitors accepted his invitation. In the afternoon from twelve to fifteen hundred persons passed in and out of the attractive store, and in the evening a large number of guests were entertained.

The windows of the building were beautifully dressed for the occasion. One represented a colonial dining room, with its handsome mahogany furniture, rich red draperies and oriental rug. Here the round table stood as if for an elegant luncheon. It was adorned with lace mats and centre piece. Colonial tumblers and candle sticks with red candles and red flower shades. The effect of this window was extremely artistic and it was much observed and talked of by all who passed the store.

The other window was tastefully decorated in Southern smilax and red pointsetters and contained the sanitary bed which is to be given away Saturday.

The first and second floors of the store were elaborately and brilliantly decorated in trailing vines of Southern smilax and red and white pointsetters, while on the tables and stands rested large vases of cut flowers.

In an alcove on the second floor was a table from which delicious ice-cold frappe was served all during the hours of the afternoon and evening. The guests enjoyed the sweet music of the Winchester orchestra which was stationed on the second floor.

Mr. Hall's store is crowded with furniture of all kinds. The three floors were visited by hundreds all day. The stock carried will in variety and extent compare favorably with the large stores in Lexington and will exceed any other store in this section of the State.

INSANE MAN RUNS AMUCK

Plumber in Aurora, Illinois, Kills Woman and Wounds Two.

Special to The News.

AURORA, Ill., April 8.—Armed with a revolver and shotgun, John Anderson, an insane plumber, ran amuck in the streets here, killing Mrs. John McVieker, wounding her husband an dMrs. Jno. Belford and then committing suicide.

TAFT REFEREES WHISKEY CONTEST

Distillers Continue Fight on Pure Food Laws—Heard at White House.

WASHINGTON, April 8.—The bitter controversy which has been in progress ever since the pure food law was enacted as to "what is whisky" was renewed at the White House before President Taft as referee. The debate enlisted the services of many distinguished lawyers, among them Joseph H. Choate, former ambassador to Great Britain, and John G. Carlisle, former secretary of the treasury. In addition there were present the representatives of practically all the big distilleries of this country. Attorney General Wickersham, Secretary of Agriculture Wilson and Dr. Harvey W. Wiley, the pure food expert, were among the government representatives heard.

Under the ruling of Former Attorney General Bonaparte, in consonance with an opinion by Dr. Wiley, all whisky not aged and freed from fusel oil by several years of storage in white oak barrels which have been charred on the inside, has been made subject to labelling under the head of "imitation" or "compound" whisky. The distillers who purify their product by higher forms of mechanical rectification and redistillation are anxious to have this ruling reversed, declaring they are suffering damage from the system of labelling now in vogue, whereas their whiskies are as pure and free from deleterious ingredients as the whisky rectified in the old-fashioned way and now regarded as the only "straight" whisky on the market. Most Scotch whiskies and some high grades of rye and sour mash in use in this country are classed as "imitation" at present. The matter has been taken under advisement by the government attorneys and a decision is expected soon.

HADLEY FAVORS LICENSE

Governor Sends Special Message to Missouri Legislature.

JEFFERSON CITY, Mo., April 8.—Whether by submitting to the voters of the state a proposed constitutional amendment providing for statewide prohibition any useful public purpose would be served, was declared by Governor Hadley to be the best standard by which the legislature should treat the measure.

This opinion was expressed in a special message to the general assembly. Governor Hadley said he favored the severing of saloons from breweries and distilleries, and of whisky dealers from politics. He suggested license for clubs in order that Sunday observance may be controlled, and favored laws for the establishment of district local option.

Police Held For Murder.

PITTSBURGH, Pa., April 8.—Chief of Police Charles Brubaker and Policeman G. B. Johnson were arrested and jailed on a charge of murder in the first degree, for the killing of Robert Gresham. The officers were trying to arrest Gresham on a charge of robbery and allege that he resisted.

Portugal Has New Cabinet.

LISBON, April 8.—General S. C. De Sousa Telles, who was at one time minister of war, has succeeded in forming a new cabinet. Although no official announcement has been made, it is believed he will take the portfolio of war.

Rapid Transit.

The Laplander can travel about 150 miles a day on his skates.

PROF. SPENCER TO LECTURE.

Prof. B. F. Spencer will lecture to the K. of P. lodge Thursday night. He has not given out his subject as yet, but it will be of importance to the members and a full attendance is desired.

Miss Golden Day is ill with appendicitis.

THE BRIBERY CASES.

The saddest feature of the unsavory mess that has been threshed over in Circuit Court the last two days is the acceptance by everybody, councilmen, candidates and citizens, of the fact that the collectorship was to be sold. Running through the entire testimony in the Jones and McCullum trials was the price offered councilmen for their votes. One witness stated that \$400 had been paid for one vote; and the name of the man receiving that bribe was not given because the rules of evidence forbade.

Another stated that he was compelled to withdraw as a candidate for Collector, because the price became too swift for him; he could not afford to go above \$1,000 for the office.

There was no appreciation of the duties these councilmen owed the city by whom they had been honored of choosing the best man for Collector. The office was simply something out of which they might realize some money. There were undoubtedly honest men in the Council, but the other sentiment appeared to predominate.

The testimony of both Jones and McCullum was nauseating. Each claimed that he was trying to trap the other, to find out if he was an honest man. And they both seemed to have found out.

But the low ebb to which politics has fallen in Winchester is seen from the fact that one of these men had the effrontery to offer himself as a candidate for Mayor in the late Democratic primary. It speaks well for the voters that he finished last in the race.

The other is an avowed candidate for councilman in the fourth ward. It is a Republican ward and a nomination is usually equivalent to an election. We cannot believe that he can secure that nomination; but if he does it will be the duty of the decent Republicans to unite with the decent Democrats, sink their partisanship and name a clean man for the council.

The ticket named at the Democratic primary for councilmen, with a solitary exception, is a high class one and with such men as City Fathers Winchester need not be ashamed.

The city is standing at the threshold of a great career. The next few years will decide whether we are to increase in population and commercial importance or remain a small town. We have been so busy seeking outside capital, outside manufacturers, so intent on booming the city, that we have forgotten our family house-

keeping. We cannot hope to take the position to which we aspire unless we improve our internal affairs, have a decent city government, new and clean streets, sewers, a city hall. We have high hopes of the new council.

WORDS TO FREEZE THE SOUL.

"Your son has Consumption. His case is hopeless." These appalling words were spoken to Geo. E. Blevens, a leading merchant of Springfield, N. C., by two expert doctors—one a lung specialist. Then was shown the wonderful power of Dr. King's New Discovery. "After three weeks use," writes Mr. Blevens, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Infallible for Coughs and Colds, its the safest, surest cure of desperate Lung diseases on earth. 50c. and \$1.00 at Phillips Drug Store. Guarantee satisfaction. Trial bottle free.

HOW TO GROW FAT.

A Lazy Stomach the Cause of Thinness Nine Times in Ten.

If you are thin or lean, have scrawny arms and neck, you can't grow fat unless your food properly digests.

People take on flesh in proportion to the nutritious matter which the organs of digestion absorb and pass into the blood.

Just as long as this nutritious matter passes along without being absorbed, just so long will you remain thin.

Perhaps your stomach, bowels and liver need a tonic. If your digestion is not perfect, Mi-o-na tablets will put it right at once.

Mi-o-na will cure indigestion and every conceivable ailment of the stomach promptly. It cures by building and toning up and not by encouraging a tired stomach to continue its shiftless and health destroying habits. It promptly drives away sour stomach; belching of gas, heaviness after eating.

Phillips Drug Company sells Mi-o-na for 50 cents a large box, and guarantees it to cure indigestion, set and ear-sickness, vomiting of pregnancy and all stomach diseases and distress, or money back.

Mi-o-na is sold by leading druggists everywhere.

The Illyrians.

The Illyrian province formed a short-lived government, being instituted by Napoleon in 1809, from various territories taken from Austria north and east of the Adriatic. The government was abolished in 1814-15. The ancient Illyrians are now represented by the Albanians, which fact doubtless gave the little kingdom its title.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly remedied for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it benefited by taking Foley's Orino Laxative, and I think it is the best is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. Sold by all druggists.

Oh, Quit.

Here is the way to quit smoking (recommended by a man who failed to make it work): Instead of quitting off short, quit gradually. Don't smoke in the morning until you can't stand it any longer. Then smoke a cigar, and then quit again until you are compelled to smoke or go crazy. By degrees, you will learn to do without smoking. —Atchison Globe.

A Journalist Is Born.

You cannot teach a man to be a journalist, for he is born, not made;—like the real journalists spring at once—like the late G. W. Stevens—into their place. A lecturer on Journalism would bore one far beyond the limits of this paragraph. For the journalist is the man who is interested in the and wants to share the interest with other lives. And a lecturer in a crowded classroom would not help. —London Chronicle.

BURLEY FIGHT SETTLED

Tobacco Manufacturers Are at Peace With Each Other.

Cincinnati, O., April 8.—At the conclusion of the final session it was announced that all matters which resulted in the call for the meeting here of independent manufacturers of tobacco and the executive officers of the Kentucky Burley association, regarding the pooled crop of burley tobacco, had been disposed of amicably to all parties concerned.

The 10 per cent of the crop, which the burley association still had on hand as the result of the failure of a Louisville firm to take up its purchase, it was announced, has been taken over by a number of firms.

With the final putting through of this deal, representing \$385,000, it was stated that there is now no burley tobacco to go upon the market.

FISHING TUG AND SAND BOAT LOST

Storm Works Havoc Along Lake Erie Coast.

Cleveland, O., April 8.—The fishing tug George Flood, with seven men aboard, and the sand sucker Mary H. with a crew of nine men, are missing, and the Barge Norman Kelley, with a crew of four persons, was rescued after a desperate struggle as a result of a fierce windstorm which raged on Lake Erie. The wind blew a 60-mile gale. Lifesavers have been unable to do effective work, and but one tug, the Anson M. Bangs, which rescued the barge Kelley near Sandusky, has been able to make any headway on the water.

The steel barge Kelley was tossed about like a cork on the lake. The crew, three men and a woman, were picked up after floating 15 miles away from Kelley's island, the mooring point of the boat. It was while Joseph Enio, Charles Todd, Mrs. Wood and a deckhand were attempting to strengthen the moorings of the Kelley that the ropes broke and they drifted out to sea. There was neither an engine or an oar on the barge, so the crew was at the mercy of the waves.

LOSE LIVES ON WAGER

Three Detroit Men Attempt to Cross River in Heavy Gale.

Detroit, April 8.—At least eight persons lost their lives in the storm that visited Detroit and Michigan. Anthony Kaup, a saloon keeper; Joseph Kadich, a barber, and Adam Fellin, all of Wyandotte, attempted to cross the Detroit river in a rowboat from Wyandotte to Canada in a 50-mile gale, to settle a wager, and all three were drowned when their boat capsized. Kadich bet Kaup \$5 that he would not dare to cross in the small boat; Fellin was stakeholder.

At Jennings, in Missaukee county, three young men named Bernard Carlson, Charles Jacobson and John Torrey, were killed by a falling wall. Benjamin Helmer, 8, was killed by lightning near Ionia, and Ray Miller was killed at Brighton by flying timbers.

LIGHTNING PLAYS PRANK

Splits Piano Soon After Young Lady Leaves Instrument.

Indianapolis, Ind., April 8.—The violent storm that swept northern Indiana left in its wake many overturned houses, barns and outbuildings, tore out telegraph and telephone poles, killed one man and injured a number of persons. At Albion the house of Peter Shellhouse was destroyed and he was pinned to the floor under a stove and burned to death.

The storm was not so serious in Indianapolis, but lightning played a strange freak here. It struck the house of James Jacobs, demolished two rooms and split a piano in two parts, a few minutes after a daughter of Jacobs had left the piano and passed into another room.

Toledo Factory Unroofed.

Toledo, April 8.—Northwestern Ohio experienced one of the most severe windstorms in its history. Scores of persons were injured, many of them seriously, and the property damage is large. In Toledo losses are estimated at \$25,000. The wind attained a velocity of 70 miles an hour. The main building of the Toledo-Massillon Bridge company was partially wrecked by the storm and about 300 men are out of work until repairs can be made. The roof over the main building of the plant, 108x400 feet, was torn off and deposited in a field.

Fatalities at Detroit.

Detroit, Mich., April 8.—At Brighton, Ray Miller was killed and his brother Guy was severely injured by being struck by the roof of a house, which blew off during the severe windstorm. Two boys reported to the police that they saw two other little boys blown into the river from a dock on Belle Isle. It was also reported that three Hungarians had been drowned in the river off Wyandotte by the capsizing of their boat in the high sea that is running in the river.

Lake Boat Seeks Shelter.

Ludington, Mich., April 8.—The Crosby line boat Conestoga put into this port for shelter, owing to the gale on Lake Michigan.

GO TO JACKSON'S NEW ART GALLERY.

Go to Jackson's new art gallery for a good photo. See some of his latest samples, you will then be convinced that Jackson can get out as good a photo as you can have made in your city. Also has a full line of fancy frames for portraits and photos. He has arranged with an expert view man to make house views. Anyone desiring work of this kind should leave their order at the studio—34 North Main street. 4-6-e-o-d.

UP BEFORE THE BAR.

N. H. Brown, an attorney, of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for many years and find them such a good family medicine we wouldn't be without them." For Chills, Constipation, Biliousness or Sick Headache they work wonders, 25c. at Phillips Drug Store.

HIS WIFE DROVE DULUTH MEAT DEALER TO IT

In the hope that all men may profit by his experience and take heed thereof, Geo. M. Beck, who lives in 807 3rd street, E., and whose business is in 230 2nd street, W., Duluth, Minn., makes public his experience which we give below, believing it will be gratefully received by all as a relief to their present subjection. He says: "I do not think it would be fair to the Rheumaline Remedies if I did not tell my fellow sufferers what this wonderful medicine has done for me in such a short time. I am only sorry I did not begin the treatment a week sooner for then I would have had one week less of torture. I went to the drug store on a Friday afternoon on crutches with my left foot swollen to nearly twice its natural size and so painful I could not bear the weight of it on the floor. Except one week that foot has been that way for two months. On that day my right foot was beginning to swell and pain me in the same way, and when I got home it was swollen so it burst open the shoe lace when I untied my shoe, and as soon as my shoe was off, it puffed up almost as large as the other. I thought I was in for a seige of suffering, as I had no faith in the medicine, but I took it according to directions and at half-past nine

o'clock I went to sleep and slept all night the first night. I had not been able to sleep for nearly a week and I've been sleeping good every night since and feeling better every day. I have not felt as well in over two months and I have not got as much relief from all the medicine I've taken in two months as I have from five days of the Rheumaline Treatment, and I'm getting well, and have got relief quicker than I ever thought I would. My wife drove me to it, for I didn't believe enough in your advertisement to want to try Rheumaline. I had tried so much, but she begged me to try Rheumaline. I'm glad I did. Refer anyone to me and I'll be glad to tell them all about my case and what Rheumaline has done." You don't have to believe what you read here: write Mr. Beck; he'll be glad to tell you more about his case. When you receive his reply, go to Phillips Drug Store and procure Rheumaline. It cures rheumatism, lumbago, sciatica, neuralgia, gout and kidney, liver, bladder, stomach and blood troubles caused by uric acid. Rheumaline Capsules stop pain immediately. Rheumaline Tablets relieve constipation. Get Rheumaline at once. It removes the cause.

ARTIS & TURNBULL

ANNOUNCE THEIR ANNUAL

SPRING AND EASTER OPENING

of high grade Spring Apparel and Dress Goods
for the ladies of Winchester and vicinity, for

THIS ENTIRE WEEK,

Monday, April 5. to Saturday, April 10

SOCIETY

M. C. Club.

The M. C. Club met with Mrs. T. C. Allan, the president, Wednesday afternoon, for the purpose of electing officers for the ensuing year. The following officers were elected: Mrs. Clyde Gaines, president; Mrs. R. O. Fitch, vice president; Mrs. Jno. Davis, secretary; Miss Maybelle Paris, treasurer.

After the election, the regular work of the Club was begun. Miss Mayme Tucker gave the lesson, which was "Greece." Mrs. W. H. Garnett and Miss Paris gave magazine articles in a very interesting manner, at the conclusion of which, little Miss Ora Gaines Allan, assisted by her teacher, Mrs. Jno. Davis, gave several beautiful selections on the piano. The Club adjourned to meet with Mrs. J. C. Vaught on April 21.

The Ladies Aid Society of the First Christian church will have an Easter market, on Friday and Saturday, April 9 and 10. They will have all kinds of country produce, cakes, pies and all kinds of pastry, fancy articles and home-made candies. Refreshments will be served each day. The market will be held in the store room adjoining C. H. Bowen's store.

The Juvenile Missionary Society of the Methodist church will have an Easter egg hunt on Friday afternoon at 3:30 o'clock at the home of little Miss Elizabeth Jackson, on Lexington avenue. Admission 5 cents.

There is a law in Pennsylvania

requiring each bachelor to pay \$10 a month toward the support of an old maid. As yet none of these condensed sweethearts have come forward and admitted themselves to be old maids. It might be advisable to require them to pay that amount for allowing these bachelor girls to remain as old maids, or what would hurt them worse, to come forward and prove themselves not worth the \$10 per month.

The directoire gown is doomed, so say the couturiers and by next fall a new fashion which will revive the Louis Quinze basket dress will be the mode. This gown has great flounces or puffs on the hips and the bodice reaches far down to a point. A modification of this style was in vogue in 1880, but has not been fashionable since.

PERSONALS

Mrs. Carrie Mills, Mr. and Mrs. R. McKee Scobee and little Miss Martha Scobee returned home from an extended trip through Florida, Tuesday night.

Mrs. Pace, who has been quite ill of acute indigestion, is somewhat better.

Mrs. Morton Cassidy, of Louisville, is spending a few days with Mrs. Strauder Goff and Miss Sara Buckner.

The friends of Mrs. Jas. Evans are glad to know she is able to be out again.

Mrs. Fowler has returned to her home in Louisville, after a delightful visit to Mrs. Reine Middleton

and Miss Tandy Quisenberry.

Mr. Bruce Reynolds, of Lexington, was in town, Wednesday.

Mr. Otis Sudduth was in Lexington, Wednesday.

Mr. W. P. Hackett was in Mt. Sterling, Wednesday, on business.

Mr. George Green was in Mt. Sterling Wednesday, on business.

Miss Lulu Burgin attended the performance of "The Merry Widow" in Lexington, Wednesday evening.

Mr. Will Woolfolk, of Lexington, was in town Wednesday, to see the ball game.

Miss Sadie Nolcini was in Lexington, Wednesday night.

Mr. and Mrs. Hugh Meguar arrived home from St. Petersburg, Fla., Wednesday night.

Mr. Spradling, formerly a K. W. C. boy, but who now is studying

at Transylvania, was in town Wednesday.

Mrs. Crews Rash, of Clay City, is the guest of Mr. and Mrs. J. M. Rash.

Mr. Floyd Day came home Wednesday from Jackson.

Mr. C. H. Loveland returned home Wednesday.

Miss Myrtle Judy, of North Middletown, was the guest of friends here, Wednesday.

Mr. Carl Willis, of Lexington, was the guest of friends here, Wednesday.

Mrs. Carrie Buckner and Mrs. John Bean were in Lexington Wednesday, and attended "The Merry Widow."

Miss Parks has returned to her home in Covington, after a delightful

visit with her brother, Mr. Cecil Parks.

Mrs. O. C. Flynn and Miss Norma West spent Wednesday in Lexington and attended the "Merry Widow" matinee.

LOGICAL ECZEMA CURE ENDORSED BY PHYSICIANS.

After treating eczema for years as a practically incurable blood disease, the medical world is greatly interested in the discovery that it is not a blood disease at all, but is due to a parasite in the skin itself. This parasite is easily destroyed by the external application of a compound of oil of wintergreen, thymol, glycerine etc. This will quickly kill all eczema germs, while soothing and refreshing the skin.

Dr. R. A. Folkerts, of Duluth, Minn., tells of the success in treating patients:

"There was a man here suffering from eczema for the last fourteen years, and I applied the D. D. D. treatment. I also applied it to a man of West Duluth, Minn., who has been suffering with Rheumatism for fourteen years, and Eczema in his feet, and the second treatment in both cases cleared the skin almost absolutely. The first application is a balm, and its soothing effect is beyond expression. I shall never be without it, and shall use it among my patients altogether."

No matter how terribly you suffer from eczema, salt rheum, ringworm etc., you will feel instantly soothed and the itch allayed at once when a few drops of this oil of wintergreen compound is applied. The cures all seem to be permanent. We recommend it with D. D. Soap. Phillips.

The Boy and His Dad. A boy who has the brotherly interest of his father is lucky. Sometimes a wild lad does not seem to have much in common with his father and it will be the mother's task to discover something which they can do together—play dominoes, chess, read the same book or anything to give a kindred sympathy.

Thing Greatly Worth Having. The one thing supremely worth having is the opportunity, coupled with the capacity, of doing a thing well and worthily, the doing of which is for the welfare of mankind.—Theodore Roosevelt.

Philosophical. A girl with freckles feels just as philosophical about them as the man does about being in a stock market panic.—New York Press.

CASTRO LANDS ON FRENCH TERRITORY

Temper Not Improved of Events of Last Few Days.

Port de France, April 8.—Cipriano Castro, the former president of Venezuela, has taken up his residence, temporarily at least, at this place. He arrived here on the French steamer Guadeloupe, which sailed from Bordeaux on March 26, and he very willingly came ashore, owing to the British government's refusal to permit him to disembark at Port of Spain, Trinidad.

As the port authorities here have received no communication from the French government with regard to Senor Castro, they permitted him to land without opposition, considering himself as a private citizen. He was accompanied by his secretary, his wife and the other members of the party continuing on their journey to Laguaira.

The former president was greatly wrought up over the action of the British government, and when seen soon after his arrival he expressed himself as having been outraged by the treatment accorded him by the governments concerned in his interdiction. He showed the utmost indignation at the action of President Gomez, saying:

"It was I who placed him in his high position, and I have been very badly recompensed. But justice is imminent, and the only satisfaction that I desire is that the light shall be thrown on those infamies which have been attributed to me."

To Take Off a Tight Ring. When a ring has become too tight for the finger, as it often happens among growing children. Instead of using the old method of filing, take a piece of common twine, insert one end under ring towards the hand, the other end wind closely around the finger until over the joint. Now proceed to wind with the end back of the ring, and if done correctly the tightest ring will come off easily.

See? "If you want to see the bright side of life," said Uncle Eben, "you've got to be willin' to put in a little patience and hard work to help keep it polished up."

REDS HAVE SHOWN SPEED

If Batting Shows Up With Fielding,
Cincinnati Will Have Great
Team.

(By C. H. Zuber.)

Special to The News.
CINCINNATI, O., April 8.—Those Reds of ours have been giving the local followers of the game quite a few treats since their return from the South. Victories have been numerous and defeats scarce; but best of all, in victories as well as in defeats, the team has shown such speed, intelligence, gameness and good pitching that it is generally conceded that the fans are in for a season of classier sport than has been vouchsafed them in some years. The one great question about the team now is, "Will they hit?" If the batting department of the team sizes up with the rest of it, there is good reason to believe that Cincinnati will be among the first four when the numbers are hung up early in October. Manager Griffith still declines to make any predictions, but daily his satisfaction over the material he has grows, and there is every evidence that he is moulding his athletes into an extremely nifty base ball machine.

Jim Delahanty a Visitor.

Jim Delahanty, formerly of the Reds, now with the Washington team, was a visitor here during the engagement of the Senators early in the week. Delahanty went to the Orient with a team last fall, and tells some extremely interesting facts about the players over there. "The Japs have taken up base ball in great shape," said Delahanty, "and are great fielders; but it's a shame to compel them to bat, especially against good pitching. They remind me very much of 'Snake' Deal, one of the Reds' many first basemen. We were playing in Chicago, and it was 'Snake's' turn to go to bat. He walked to the plate without his club and Manager Hanlon called to him, 'Take a bat, Deal.' 'What's the use?' answered 'Snake,' 'the way I'm hitting these days I don't need a bat.' And that's the way it is with the Japs."

Several Exhibition Games.

The Reds still have several hot

exhibition games before the regular season opens on Wednesday, April 14, with the Pittsburghs as the opponents of the local bunch. Most interesting of these games will be the contests with the Chicago White Sox on Saturday and Sunday, April 10 and 11. It is a matter of record that Comiskey's team has not had a good Sunday here in some years, weather conditions always being against them; but it is expected that Observer Bassler will change things this year. This will be the last Sunday game before the regular season, and ought to draw a big crowd. The first Sunday attraction on the local lot during the regular season will be Roger Bresnahan's remodeled St. Louis Cardinals. They will be here Sunday, April 19—the initial Sunday championship contest of the year. And as all the roads will be running excursions into the city, the out-of-town fans will be there by the thousands to get their dope on the team from observation.

The Marathon Craze.

The Marathon craze has struck Cincinnati in real earnest—not at the exact present time, but for the near future. President Herrmann, of the Cincinnati club, is the original Marathon kid here. He closed contracts some time ago for Tom Longboat, Johnny Hayes, Dorando and Alfred Shrubbs to run a Marathon race at League Park some time before the June Roses give their annual performance. Now that a little, short-legged French chauffeur has beaten all these cracks, thereby adding \$5,000 to his assets, Mr. Herrmann has opened negotiations with the Gaul also to come here, so that when the Cincinnati Marathon takes place the contenders will be the five greatest long distance speeders in the world. Some attraction, that, what?

Jim Jeffries.

Jim Jeffries is keeping the sporting pages of such papers as will pay any attention to him well filled these days with reports of his willingness to fight Jack Johnson and his denials of the same reports. The fact is that Jeffries simply is stalling in order to make his theatrical venture as prosperous as possible. There is a well grounded belief among sporting men that the big fellow feels that he can't get into fighting trim again, and that eventually some one else will have to try to wrest the heavyweight title from Jack Johnson. It's an even bet that Jeffries never will do it.

Decoration Day.

Amateur long distance runners in this vicinity will have an opportunity

of testing their endurance on Decoration Day, when the National Athletic Club, of this city, will start a race over the official Marathon distance for a series of medals and perhaps a cup. It is planned to have the start be at Hamilton, O., and the finish on Fountain Square, in Cincinnati. Quite a number of local athletes have signified their intention of going into the affair, and will begin training at once. It is expected that there also will be a number of entries from various cities and towns within a radius of 150 or 200 miles of Cincinnati.

During the spring every one would be benefitted by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Sold by all druggists.

FLEMING COUNTY IS TO HAVE A NEW JAIL.

FLEMINGSBURG, Ky., April 8.—The Fiscal Court has contracted for the erection of a new jail in this city at the cost of \$6,800. The work of tearing the old jail away will begin at once.

Foley's Honey and Tar is a safeguard against serious results from spring colds, which inflame the lungs and develop into pneumonia. Avoid counterfeits by insisting upon having the genuine Foley's Honey and Tar, which contains no harmful drugs. Sold by all druggists.

REV. Z. W. PIGG IS ILL.

Rev. Z. W. Pigg, of Grant county, Ky., is extremely ill, and the request comes to this office that the brethren everywhere pray for his recovery. Please not this request and intercede for the restoration of the health of this worthy minister.—Western Recorder.

Elder Pigg is a native of Clark county and has many relatives and friends here.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. Sold by all druggists.

LAWLESSNESS.

(From A. S. of E. Tobacco News.)

The Shelby Record picked out a small news item in the News last week and preaches a column sermon on it about—well, it is hard to say. In reporting plant bed destruction, we said the Nicholas County owner was a member of the Society and did not know of a personal enemy; and therefore, we were at a loss to understand the motive. We might have added "as the depredations are always alleged to be the other way," but we did not because we thought the people knew that, and are surprised to find the Record just waking up.

The only two cases of night-riding that ever came under our personal observation were a case of barn burning and a case of plant bed scraping. Within one half hour after the barn burned its owner, a strong anti-equity man, informed us it was the work of a personal enemy well known to him, who was not a member of any Equity local union, whose tobacco was not in the pool, and that the Equity people had nothing to do with it. Yet the papers got it as a case of night riding. The other case proved to be a case where the tenant scraped his own beds to avoid a bad contract. It also went in the papers under headlines of horror and against the pool. This much for those who need this kind of information.

Now, our position on law and order is and always has been better than that assumed by the Record, for it shuts its eyes to the misdeeds of one side and finds all the fault on the other.

We not only deplore the lawlessness that has marked the tobacco fight, but we hate and despise it since it has injured the cause, it has injured the State, it has in places broken down temporarily the law of the land, and substituted therefor mob violence and private vengeance. But if the actual acts of night riding have injured the State how much more has it hurt, to have the vast number of cases that were not connected with the tobacco fight heralded abroad to disgrace good people, by a press, which to say the least has shown itself careless of the public weal and to say the worst, venal as some maintain. Will the Record go as far into the question as we have done and say that it hates and despises the American Tobacco Company because it broke the laws of our

If Anything Should Happen WHAT would you do?

Just this would be wise NOW.
"Catch the shadow, ere the substance fails."
Barrett's is the best place for well made photos at popular prices. The work of his new lens is as fine as silk.
BARRETT'S,
22 North Main st.

nation for the purpose of strangling trade so it might worm a few more dollars out of the pockets of the law abiding people who are the Record's neighbors and patrons? Will it say that the conscienceless method of dividing this State into districts in which it would allow only one buyer; its watching each crop, whose owner had refused the dastardly price, from the country to the city market so that it could bring no more on the breaks than was offered in the country; and all the various systems and shrewd plans by which it took advantage of its monopoly and robbed the owner of half or more of his crop—are these any better than the night riding of the thoughtless, but desperate tobacco growers? Will the Record say that this gigantic law breaker should be smitten hip and thigh by every commonwealth's attorney in the State and all the forces of the Federal government until it is put out of business, just as the State has tried to do the poor, desperate night rider? Will it say that the Trust did not begin this fight by striking the first blow and daring the tobacco fellows to hit back?

Then was the time for the law to have stepped in and made the bully behave.) Will the Record say that the Trust was as justified in its actions as the night rider is in his if there were such a thing as justification for law-breaking? If the Record will not say all of these things it better not attempt to act as Censor Morum in Kentucky. We want no one-sided enforcement of the law, it must be enforced on high and low alike; it must have the dignity of righteousness cast about it, and not be what the defenders of the Trust would have it a mere department of the American Tobacco Company for protecting its interests and crushing its enemies. Selah!

GOVERNOR TAKES ACTION

Asks That Engineers' Examination Order Be Temporarily Suspended.
Columbus, O., April 8.—It was announced that Governor Harmon desired Chief Examiner of Engineers Kennedy to temporarily suspend the order requiring the immediate re-examination of engineers throughout the state who had been given certificates under the law of 1900, which the supreme court declared unconstitutional.

The governor telegraphed Kennedy, who has been in Cleveland, notifying him that he had received a number of complaints against requiring immediate re-examination, and saying that he would be pleased if Chief Kennedy could arrange the matter satisfactorily with the engineers.

It is understood that the governor was moved to take the step not so much because of complaints from engineers as because of protests from manufacturers, particularly members of the Cincinnati chamber of commerce, who objected to their engineers being taken from their plants in large numbers at this time.

ARGUMENTS ENDED

Court Takes Haskell's Appeal Under Advisement.

Tulsa, Okla., April 8.—Arguments were concluded in the motion to quash the indictments against Governor Haskell and five co-defendants on land fraud charges growing out of the requirement of town lots in Muskogee. The motion was taken under advisement by United States District Judge John A. Marshall of Tulsa. The court's ruling is not expected for several days.

Risks Life For Pedestrians.

Dayton, O., April 8.—At the risk of his own life and to avoid danger to pedestrians on crowded Third street, Henry Clark turned a double team into a telephone pole near the Beckel House while the team was going at breakneck pace. The horses were rendered senseless, but the driver had a miraculous escape.

SCANDAL MONGERS GIVEN BIG TREAT

Louisiana Murder Trial Replete With Sensations.

Plaquemine, La., April 8.—The trial of Fabian S. Bouvy for the killing of Professor Fred F. Van Ingen assumed a sensational aspect when the defense sought to prove that Van Ingen's relations with his wife before their marriage were such as to arouse a justifiable resentment in Bouvy, said to have been deeply in love with the girl.

Dr. George Wilbert of Plaquemine declared that Miss Rhorer, who became Mrs. Van Ingen, declared to him that Van Ingen had forcibly taken advantage of her and then asserted, "I despise him (Van Ingen) and would like to dance on his coffin."

The defense also introduced evidence in an effort to show that the marriage of Van Ingen to Miss Rhorer was forced by relatives of the bride, and that Bouvy held a place in the affections of Miss Rhorer.

Bouvy took the stand in his own behalf, and in addition to statements brought out in the strikingly novel phase of the unwritten law, sought to be established by the defense, the statement of Bouvy offered a self-defense theory. He declared that he saw Van Ingen reaching into a grip by his side, and that he thought the bridegroom intended to shoot him.

DYNAMITE LETS GO

Stump Blower Gives Pique Citizens Earthquake Scare.

Piqua, O., April 8.—A shock which disturbed Piqua, and which was at first thought to have been an earthquake, proved to be an explosion of 25 pounds of dynamite on a farm four miles from here. Houses were shaken at Sidney, 12 miles away.

Fry Simon, 14, who was engaged in blowing up stumps, was fatally injured by the explosion.

Indict Coachman For Murder.

Steubenville, O., April 8.—The grand jury made a special report in the matter of the recent murder of Charles H. Steele, a wholesale druggist of Steubenville. John H. Kirkpatrick, a negro coachman and former employee, was indicted for his murder on three counts, and his trial will be held soon.

THE MEAT OF IT.

Frederick Kreismann, Republican, has been elected mayor of St. Louis, Mo., by a majority of 11,463 votes.

Tom Hall, a jockey, was thrown from a horse at the Paducah (Ky.) fair grounds and fatally injured.

Thirty Canton (O.) saloon keepers were arrested for violations of the screen ordinance.

Henry E. Green has tendered to President Taft his resignation as a member of the civil service commission.

William Darragh, a New York chauffeur, who run over and killed a 13-year-old boy, has been captured at Fort Worth, Tex.

Fire Chief Tyson of Louisville, Ky., was injured while going to a fire when his automobile was wrecked in a collision with a streetcar.

BIG MORTGAGE FILED

Cincinnati-Springfield Traction Project Assumes Tangible Form.

Cincinnati, O., April 8.—B. M. Barr and H. D. Emerson, the former of Springfield, O., caused to be filed in Clark, Green, Clinton, Warren and Hamilton counties, Ohio, a blanket mortgage to the Carnegie trust company of New York, as trustee, to secure a bond issue of \$5,000,000 for the benefit of the newly-organized Springfield, Wilmington & Cincinnati Railway company, of which Barr is president and Emerson is secretary. Barr is also president of the Columbus & Marion Traction company. The money is to be used to purchase private rights of way for a traction line from Springfield to Norwood, a suburb of Cincinnati.

Avery Blount Is Guilty.

Amite City, La., April 8.—The jury in the case of Avery Blount, charged with the murder of J. O. Breeland, Mrs. Breeland and Mrs. Joe Everette, brought in a verdict of guilty in the first degree.

KILLED BY WOLVES

Kansas Lads Attacked While at Play in Fields.

Kingman, Kan., April 8.—Willie Hotchkiss, 10, a son of a farmer living near Rago, was attacked and killed by prairie wolves, and George Nichols, 10, was severely bitten by the beasts, but was rescued by neighbors. The boys were at play in a large pasture some distance from their homes, at dusk, when attacked.

New Bank For Springfield.

Springfield, O., April 8.—Robert Felty of Connelleville, Pa., director in the Yough National bank, is organizing the Farmers' National bank, with a capital of \$100,000. The new institution will open here June 1.

MAIL ORDER HOUSES TO BE WARRED UPON

Anti-Saloon League to Help Protect Dry Territory.

Columbus, O., April 8.—At the state headquarters of the Anti-Saloon league they are laying in ammunition for another statewide war on whisky, with the mail order liquor houses of Columbus, Cleveland, Toledo and Cincinnati in the role of the enemy.

It will be a fight to a finish in the courts to prevent these big concerns from flooding the dry counties with liquor, circulars.

Under a provision of the Dean-Crist saloon character law, which goes into effect April 15, the solicitation of orders in counties that have abolished the saloon is outlawed.

This provision is one of the two temperance "riders" tacked on to the original Dean bill by Representative Harry Crist of Delaware, at the instance of the Anti-Saloon league.

Wholesale houses in the larger cities of the state have been sending these letters through the dry counties by the thousand since the elections under the Rose law. As a result they are reaping a rich harvest of mail orders.

"We expect them to fight, and fight hard, but we believe we will whip them in every court in the state," Mr. Wheeler announced.

May Wheat Touches High Point.

Chicago, April 8.—On a sensational opening wheat on the board of trade touched the highest point, with one exception, in more than 20 years. First sales of May wheat were at \$1.24 to \$1.25 1/2, the latter figure being 3 1/2 to 3 3/4 cents higher than the close Monday.

THE MARKETS.

Chicago — Cattle: Steers, \$5 00@7 15; cows, \$4 00@5 75; heifers, \$3 25@4 00; bulls, \$2 75@3 25; stockers and feeders, \$3 20@5 50. Calves—\$3 50@8 00. Cincinnati, O. — Wheat: No. 2 red, \$1 34 1/2@1 40; Corn—No. 2 mixed, 60¢@61¢; Oats—No. 2, 32¢@33¢. Lard—\$9 90@10 00. Bulk Meats—\$4 50@5 75. Bacon—\$10 50. Hops—\$3 50@4 50. Cattle—\$2 75@3 10. Sheep—\$2 25@3 75. Lambs—\$4 25@7 75. Toledo — Wheat, \$1 36 1/2; Corn, 62¢; Oats, 56¢; Rye, 84¢; Cloverseed, \$5 75.

You Cannot Answer These Questions!

1—Why do you continue bathing your knees and elbows one at a time, when you can stretch out in a full bath tempered to suit you, and can do so every morning if you wish?

2—Why pump and carry water for your kitchen and laundry work when you can have it at hand for the turning of a faucet?

3—Why take chances on drinking germ-filled cistern water when you can get it from a large reservoir filtered through the best filter plant South of the Ohio River?

4—Why have a dry, dismal-looking yard when you can have it filled with green grass and blooming flowers, and can at the same time get rid of the dust in the street?

5—Why suffer other inconveniences when you can have everything for the comfort and health of your family right in the house?

6—Is it not true that the answer is not "lack of money," but lack of economy and enterprise and indifference to getting the most out of life?

ADVICE FROM ABROAD

In commenting on the effect of the high prices of American tobacco on the foreign trade, the Belgium correspondent of the Cincinnati Tobacco Journal adds these sensible ideas as to the folly of producing a large quantity of inferior tobacco:

"I am not advocating starvation prices, such as we have seen sometimes, and I do hope that this may be forever a thing of the past. There is no advantage to anybody when tobacco sells below cost of production, and I feel sure that it lies in the power of the farmers to prevent it. Low prices have always been brought about by low quality; either by bringing to market tobaccos that are barely good enough for manure, such as poor primings, low, sandy, flea-bitten and perished lugs; or else by badly managed tobacco that gets funk and damaged in the hogshead and has to be sold at almost any price. I have never known the time that good tobaccos would not sell for a decent price, and if your farmers will only have the good sense to bring nothing but good tobaccos to the market they may be sure that they will meet with ready buyers and respectable prices. Nothing will spoil a market like a lot of rubbish that has to be sold at any price; and the worst of it is that this rubbish will generally go into the hands of a certain class of low manufacturers, who in turn will spoil the price of the manufactured article."

"I'D RATHER DIE, DOCTOR

than have my feet cut off," said M. L. Bingham, of Princeville, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead—he used Bucklen's Arnica Salve till wholly cured. Its cures of Eczema, Fever Sores, Boils, Burns and Piles astound the world. 25c. at Phillips Drug Store.

LUCIAN WILSON.

International Inquisitiveness.
We are all engaged in an effort to learn more about the rest of the world. The Germans are curious about the French, the French are trying to understand the British, the Americans are striving to find out wherein we differ from Europeans in general.—Saturday Evening Post.

SWEEP OVER NIAGARA.

This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current—Nature's warnings are kind. That dull pain or ache in the back warns you the Kidneys need attention if you would escape fatal maladies—Dropsy, Diabetes or Bright's disease. Take Electric Bitters at once and see Backache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one \$1.00 bottle wholly cured me," writes J. R. Blankenship, of Belk, Tenn. Only 50c. at Phillips Drug Store.

Tom Reed's Insinuation.
Once when Thomas B. Reed was with the late Senator Wolcott of Colorado and Joseph Choate, Mr. Choate, when asked to take a drink, said that he never drank, never smoked to excess, and never gambled in his life. Wolcott, who was a sinner in every one of these lines, looked pathetically at Reed and said: "I wish I could say that." "Say it," said Reed; "Choate did."

LEXINGTON PRESBYTERY MEETS AT VERSAILLES

Birthday of John Calvin Being Celebrated at Session Thursday.

VERSAILLES, Ky., April 8.—The West Lexington Presbytery met at the Presbyterian church Tuesday evening at 7:30 and opened with a sermon by the retiring Moderator, Rev. Cary F. Moore, of Cynthiana. The roll called showed 50 churches enrolled and 27 reported.

Rev. Robert Kinnaird, of Jackson, was elected Moderator; Dr. Gelon Rout and Elder D. W. Wasson were appointed a committee on devotional exercises. Prayer by Rev. Moore closed the first services.

Wednesday morning Rev. W. M. Eldridge of the Bethel church was appointed Stated Clerk and Rev. H. L. Cokerham, of Troy, Temporary Clerk.

The report of the Committee on Calvin Memorial was adopted.

Robert McMullen, son of Rev. Robert McMullen, formerly of Midway, was licensed to preach the gospel and will go to the mission fields in China.

At noon adjournment was taken for dinner which was served by the ladies of the church to 150 guests.

A committee was appointed at the afternoon session to install Rev. R. L. Kinnaird as pastor at Jackson. The next meeting of the Presbytery will be at Mt. Horeb. The following committees were appointed:

Narrative of Sessions—J. W. McClure, J. W. Garrett, Nelson Smith. Auditing—Joseph Hagnis, L. H. Willis, Dr. Hendrick.

Finance—W. O. Shoemaker, W. M. Eldridge, Dr. Sandford Bailey. Minutes of Synod—Dr. Muller, S. M. Logan, J. W. Tyler.

Systematic Benevolence—E. W. McCorkle, Dr. Norwood.

Thursday morning the 400th anniversary of the birth of John Calvin is being celebrated. At 11 o'clock Rev. E. Muller, D. D., gave a historical sketch of the life and times of Calvin. The "Character of Calvin," was discussed by Rev. E. W. McCorkle, D. D., of Nicholasville, Ky. The special music included a solo by Mrs. Keen Arnold, Callest Thou Thus, O Master.

NO AGREEMENT REACHED

Operators Again Flatly Refuse Demands of Anthracite Miners.

Philadelphia, April 8.—At a meeting between committees representing the coal operators and the officials of the United Mine Workers of America, representing the anthracite workers of Pennsylvania, to consider demands made by the miners, the operators refused all the demands and submitted instead a proposition to extend the wage agreement brought about by the anthracite strike commission for another term of three years. In order that the proposition be laid before the officers of the mine workers' organization of three anthracite districts who are now in this city, the conference adjourned to meet again this afternoon at 3 o'clock.

Much Timber Goes to Waste. A writer in the London Times estimates the yearly destruction of timber by rotting for lack of use, in the great forest of Uganda, in the region near the source of the Nile, at not less than one billion cubic feet.

If We But Knew How. Whatever happens to anybody, it may be turned to beautiful results.—Walt Whitman.

RATTLING GOOD GAME OF BALL

Opening of Season Sees K. W. C. Beaten by State in Close Score.

The college men opened their season with a rattling good game of base ball at Garner's Park yesterday. State University were the opponents and although they took the game they knew that they had been playing before they got through with the game. In fact, it was only in the last inning that they won out by means of three singles, a base on balls and an error.

Wesleyan has every reason to be proud of the showing made by the team. State came down full of confidence, having defeated the Lexington Blue Grass team and the Louisville High School. This last team in turn defeated Transylvania.

Looked Easy For State. It looked easy for State in the first inning. The first man up went out short to first. Hileybrand got first on an error and a couple of wild throws sent him over the whole route. The next man fanned and his successor, Giltner, dropped a little bunt in the front of the plate and Eagle lined it down to the initial sack for the third put out. There was nothing doing in Wesleyan's half. Cannon flied to center, Green hit safely, got second on an infield error and was thrown out at third, Stone could not connect and went out by the air line.

Pitches Good Game. In the second, State went out, one, two, three, and continued the process until the sixth. Up to this time Crockett had pitched a superb game, allowing one scratch hit. In the meantime Wesleyan had been doing things. In the second Henry led off with a single, stole second, Aitkin got first on an error and Henry scored. Eagle reached first on a slow one that he beat out, and both he and Aitkin scored on Caldwell's hit to right.

Kalston fouled out to the catcher, and Crockett hit, safely, advancing Caldwell who came in on an error by the catcher. Cannon struck out and Green got his second hit, scoring Crockett. The fire works were stopped when Green went out at the same place as first, catcher to third. Wesleyan did no more scoring during the game for they immediately put in Meadows, who had been slated to pitch the game against the University of Michigan Saturday.

State Begins Scoring. State began scoring again in the sixth. Johnson hit safely, Hillymyre received first on a pitcher's error, Giltner rapped out a safe one that scored Johnson. Crockett secured Bennett's scalp by striking him out. Vogliotte bated an infield grounder to short, who threw him out at first, but scored Hilley. Armstrong looked at three nice ones but couldn't find one to suit and the umpire called him out. Nothing doing in the seventh, but in the eighth a stated, hits by Giltner, Bennett and Armstrong gave them four tallies.

Wesleyan could do nothing in their half and time was called in order to let State catch the five-twenty train.

Crockett Pitched Well. For the local boys Crockett pitched a fine game. This is his debut in fast company and he certainly looks good. He kept his hits well scattered for the most part and used splendid judgment. Eagle behind the bat was a grand surprise. We have been weak in that position heretofore, but now no one need worry about that place. He scooped up everything that his way, was fast in fielding bunts, and seemed to know the game at every point. Aitkin at first, accepted thirteen chances without a slip up. His work was clean and fast. He looks every inch a baseball player.

Weak at the Bat. Wesleyan as usual was weak at the bat. They found Caudill very much to their liking but only got one safe swipe from Meadows. Second base is the most troublesome position at present. But Norris is expected to round into form before the next game.

Three snappy double plays were pulled off, two of them by the college.

REWARD IS WITHDRAWN

Governor Smith Refuses to Explain Action in Hill Murder Mystery.

McRae, Ga., April 8.—Governor Smith withdrew his offer of a reward for the apprehension of the murderer of Pope Hill, the attorney slain Sunday night, while in his office at work on the famous Dodge land cases. Governor Smith's offer of a \$250 reward for the slayer of Hill was withdrawn after a conference in Atlanta between the governor and Nat E. Harris, Hill's law partner, and the governor said he would make no statement of his reasons for withdrawing the reward. He said that later a reward may be offered.

Young Dowie Defeated. Muskogee, Okla., April 8.—The political debut of A. J. Gladstone Dowie, son of John Alexander Dowie, the prophet of the Zion movement, resulted in defeat. Gladstone Dowie was a candidate for clerk of Montague township on an independent ticket.

Torpedo Boat Destroyer Sinks. London, April 8.—The British torpedo boat destroyer Black Water was sunk off Dungeness as a result of a collision with the steamer Hero. The crew of the Black Water was saved. The Hero had her body stove in.

MT. STERLING SEWER PLANS CONTRACTED FOR

April 29 and 30 Are Agreed Upon as "Clean-Up Days By Council.

MT. STERLING, Ky., April 8.—At the regular meeting of the City Council Tuesday night, the usual routine business was transacted, claims allowed and reports of the various committees were received and adopted. The Sewerage Committee made a favorable report upon the bid of Charles E. Collins, of Philadelphia, Pa., for furnishing the plans, specifications and estimates for a sewerage system in Mt. Sterling and a contract was made with Mr. Collins to furnish the plans at a cost of about \$650. The estimate will be upon a main sewer of 15 inches. The Council passed a resolution fixing April 29 and 30 as "Clean-up days" and the citizens were ordered to thoroughly clean up their premises on those days. The Council also ordered that the black fire horse, which has run away twice since being the department be sold. Committee was named by the Council to act with the Committee of the Business Men's Club, and make contract for the oiling of the city. Several applications for building permits to erect dwellings and business houses were read and referred to the Improvement Committee which was given power to grant or reject them.

Wouldn't Leave Without Dog. When the Cloughy (County Down, Ireland) lifeboat went to the assistance of the French bark Croisette, which had been driven ashore on a submerged reef, the men refused to leave the vessel without a little half-breed fox terrier. The animal was eventually found and rescued amid the cheers of the bark's crew, who were then brought ashore in the lifeboat and hospitably housed by the villagers.

Thirsting for Information. Little Gertrude, entering a butcher's shop for the first time, stood gazing around her in silent absorption. Presently she took her mother by the hand, and leading her to where hung a string of bologna sausages, she put a tiny finger on one big sausage and gravely inquired: "Mamma, what was this when it was alive?"—Exchange.

Our Easter Display

CLOTHING

IS THE TALK OF THE TOWN.

We are making a Special display this week in our Clothing Sales-room, that every good dresser should see. It consists of the latest models of Spring Suits made in Rochester, N. Y., and we think it will be conceded that such a combination of style and quality has never before been brought to the attention of the men of this town.

The Fabrics in these garments are exceptionally choice, the Colorings are the Newest and the finish is as neat as neat can be, we will vouch for the inside quality, the part you cannot see which is really the most important part of all. Also a special showing of New Style Hats, Shirts, Neckwear and Gloves. Also all of the newest things for Boys. Come and see us.
